

### Engaging Club Members

Your club's ability to serve the community, support The Rotary Foundation, and develop future leaders is directly related to the level of enthusiasm and engagement of your members.

Engaging your members is one of the hallmarks of Rotary Club leadership. To assist you in this process, Rotary resources on this subject include the [\*Strengthening Your Membership: Creating Your Membership Development Plan\*](#) (RI # 417-EN) and Club Assessment Tools, an online supplement for analyzing club membership trends.

### *Your Club Membership Committee*

This key club membership committee is essential to implementing the club's membership development plan. Its main role is to successfully attract, retain, and educate club members. Your club may amend its bylaws to reflect the specific responsibilities of your membership committee, adding subcommittees as needed. Membership committee members should coordinate efforts with members of the other club committees to maximize membership growth opportunities.

Appoint Rotarians to the membership committee who have strong connections to a cross-section of the community and are interested in improving the membership experience for the club's members. Members of this committee should enjoy working with people and have a thorough knowledge of Rotary. Check in with the membership committee regularly to determine what new strategies are needed to achieve your membership goals.

### *Assessing Your Club*

As president-elect, you'll work closely with your club's membership committee to assess the current state of your club and plan membership goals using Rotary's Club Central and other membership assessment tools available in Club Assessment Tools at [www.rotary.org](http://www.rotary.org). Use Club Assessment Tools to identify your club's retention strengths and weaknesses, and then work with the membership committee to implement strategies for addressing them. As you look at your club, don't forget to regularly assess your club environment and community involvement to ensure that it's relevant to club members and the community. Finally, make continuing education and training a regular club activity.
