

Rotary District 7710

2026-2027 Presidents Resource Guide

DG Message

Welcome to your leadership year! Thank you for agreeing to be not only a Rotarian, but a Rotarian leader. The most important entity in Rotary is the club. The Rotary International hierarchy, the zones, and the districts were all put in place to support the clubs. This is because most of the important activities happen at the club level. It is clubs who recruit new members, raise funds, contribute to the foundation, and most importantly execute service projects!

Service is the cornerstone of Rotary. Our motto is Service Above Self. The service we do helps those in need in our communities and around the world. It also fosters cohesiveness in our clubs, engages new members, and provides a platform for attracting new Rotarians. That is why our district's theme for 2026-2027 is **ROLL UP YOUR SLEEVES FOR SERVICE!**

As you plan your service projects, think about the impact you want to make inside and outside your club. Assess the needs of the community you are serving and develop projects that engage as many members of the club as possible.

For those of you in the President succession chain, I want you to know that you are not in this by yourself. Your assistant governor, the entire district council, and myself are here for one primary purpose - to help your club be successful. To do this we need to understand what success looks like for your club. It is important for you to develop, share, and help execute your club goals. You will have goals for membership, service, foundation giving, public image and more. Whether this will be your first time leading a club or your fifth, your club is counting on you to convey a vision for your club and lead the members to execute that vision.

Your Assistant Governor will work with you as you develop your goals. Use the AG as an additional resource to help you refine your goals and enter them into RI's Club Central database.

We can make this a great year for Rotary in District 7710. I am excited to be on this journey with you. Together we can roll up our sleeves to create lasting change - across the globe, in our communities, and in ourselves!

RI 2025-26 President Olayinka Hakeem Babalola

Olayinka Hakeem Babalola is a member of the Rotary Club of Trans Amadi, Nigeria.

Babalola began his Rotary journey in 1984 as a Rotaractor. He joined the Rotary Club of Trans Amadi 10 years later. His leadership roles include serving as district governor (2011-12), RI vice president (2019-20), and member of the RI Board (2018-20). He was also an active leader and participant in RI committees such as the End Polio Now Countdown to History Campaign Committee (2017-23) and the Nigeria National PolioPlus Committee (2013-present, adviser 2016-present).

Babalola received a university degree in engineering in 1988. He worked for 25 years in the oil and gas industry, holding senior positions in Shell PLC. He is the founder of two companies: Riviera Technical Services Ltd., an oil and gas infrastructure delivery company, and Lead and Change Consulting, an executive coaching

and organizational performance advisory group.

Babalola's professional affiliations include the Nigerian Society of Engineers, the Institute of Safety Professionals of Nigeria, and the Association of Change Management Professionals. He is a member of Jericho Businessmen Club, an organization in his birth city of Ibadan that provides input to governments on economic and social policy.

Babalola and his wife, Preba, live in the city of Port Harcourt. He supports The Rotary Foundation with a named endowment and as an Arch Klumph Society member. A trustee of ShelterBox UK, he is a recipient of the Africa Centennial Heroes Award, the Regional Service Award for a Polio-Free World, the RI Service Above Self Award, and The Rotary Foundation Citation for Meritorious Service.

District Governor Profile - Patrick Gallagher

Patrick was born September 5, 1963 in Sasebo Japan. As the son of a career Navy officer, he moved extensively when he was young. In addition to Japan, Patrick lived in Maryland, Pennsylvania, Northern and Southern California, before graduating from Schaumburg High School in the suburbs of Chicago. During high school he competed in swimming and water polo and was part of an All-American medley relay his senior year.

From there he enrolled at the University of Illinois in Champaign where he studied Computer Science and was captain of the water polo team. In 1985 he received a Bachelor of Science degree from the College of Engineering.

He moved to Chicago and began working for Worldwide Chain Store Systems (WCSS) as a programmer. WCSS was a leading-edge company that developed warehouse and store automation software for grocery chains. He installed or worked on systems in Little Rock, Arkansas; Toledo, Ohio; Los Angeles, California; and Salisbury, North Carolina. In addition Patrick has worked as a consultant for Keane, managed a post-sales implementation group for the Cary-based software company Tangram Solutions, and founded a software services company called Intellus. For the last 16 years he has worked for Motorola Solutions providing operational support for public safety systems worldwide.

Patrick met his wife Vicki in Chicago while she was in graduate school at Northwestern University. They were married in 1989 and moved to Raleigh in 1990 where she began her career as a Professor of Communication at NC State University. They have two children – Danny and Molly who have both been part of Rotary clubs in the past.

After moving to North Carolina, Patrick and Vicki were active in their church. There Patrick began seeking out opportunities for service and got involved with refugee resettlement, yard and home care for elderly members of the community, and causes related to hunger. He served for 15 years as a director for the high school youth group and is currently involved in teaching, stewardship, and home building through Habitat for Humanity.

In 2009 Patrick joined the Rotary Club of Cary Page where he remains an active member. After serving as Community Service Chair, he entered the president track and served as president during the 2018-19 Rotary year. Following that he served as Assistant Governor for Area 9 from 2020-23 and as Lead Assistant Governor Advisor during the 2023-2024 Rotary year.

Patrick's favorite Rotary activities have been building houses in the Dominican Republic, tutoring through Read and Feed, and being involved as a Rotary Peace Scholar host.

District Governor Elect Profile - Samantha Manning

Samantha was born on March 26, 1978 in Raleigh, North Carolina at the old Rex Hospital, for those familiar with the area. She graduated from South Johnston High School in Four Oaks, NC. After high school, at 18 years old, she joined the U.S. Army. She spent most of her enlistment at Ft. Richardson, Alaska.

She later attended N.C. State University, obtaining dual Associate of Applied Science degrees in Field Crops Technology and Agribusiness Management, and I went on to obtain a Bachelor's of Science in Agricultural Professional Services from N.C. A&T State University. For several years she served as the Program Director for the Soldier to Agriculture Program run by NCSU at Ft. Bragg, NC. In 2021, she transitioned into the legal field, and obtained a Juris Doctor from North Carolina University School of Law in May of 2025.

Samantha joined the Rotary Club of Zebulon in 2017, where she quickly became involved in leadership roles, serving as President Nominee and then President Elect. She attended the Carolina PETS training in 2018 and 2019, which prepared her for her term as President of the Zebulon Club from 2020 to 2021. She completed RLI, graduating in 2020, and has served as an RLI facilitator since 2021.

In 2022, due to a job change and relocation, she transferred her membership to the Rotary Club of Morrisville due to a job change and relocation. Samantha has served as Club Secretary and Rotary Foundation Chair for the Morrisville Club. From 2023 to 2024, she served as District Secretary and contributed to the District Conference Planning Committee. From 2024 to 2025 she served as the District Paul Harris Society Coordinator. Samantha has four adult children and one granddaughter. She lives with her husband, Mark, and three dogs in Smithfield, near her family's bicentennial farm.

District Governor Nominee Profile - Bob Griffin

Bob was born on February 17, 1961 in Newton, Massachusetts. The oldest of five children, he graduated from nearby Natick High School where he was actively involved in the Marching Band program. He continued his education at Boston College, where he majored in Economics and Mathematics, earning a Bachelor of Arts degree in 1983. Outside of class, he continued with the Band which provided the opportunity to perform at West Point, the Tangerine Bowl and multiple New England Patriots halftime shows.

Following in his father's and grandfather's footsteps, Bob began a career in financial services after graduation. His early work took him from Boston to Louisville, KY and Los Angeles, CA as a mutual fund wholesaler and eventually to American Express where he served in marketing, management and client-facing roles in Minneapolis, MN, Chicago, IL and back to Boston, MA.

During his time at American Express, Bob continued his studies with MBA coursework at the Carlson School of Management at the University of Minnesota and Northwestern University.

Eager to establish deeper roots in the community, Bob settled in Morrisville NC and spent more than 10 years with First Citizens Bank, helping to design and grow its Wealth Management offering to affluent individuals. A core part of that offering was helping families with their investment and estate planning needs, leading to management responsibility for Administration of Personal Trusts across the bank.

One last assignment to Philadelphia, PA as Trust Director for Wells Fargo Bank in the Northeast Region convinced Bob that North Carolina was the place he wanted to be. So he decided to return to Morrisville and join with a long-time colleague to form a financial planning practice working directly with clients. He's been joyfully focused on helping them achieve their goals in that role since 2020.

Bob's Rotary journey began in 2018 when he joined the Rotary Club of Cary. He quickly engaged as Membership Chair and eventually served as Club President in 2021-22. Bob is an RLI graduate (2020) and has been an Area Governor in District 7710 since 2023. His participation in Emerging Leaders at 2025 Zone 33/34 Summit inspired Bob's awe of what Rotarians accomplish around the world by working to make the world a better place.

Bob and his wife, Carol (a Physical Therapist) were married in 2022 and have two children, Katherine and Michael who are currently in their junior year at UNC-Charlotte and the University of South Carolina respectively.

Bob and Carol are adjusting to life as 'empty-nesters' and enjoy cooking, traveling, working in the yard and exploring local greenways. Their guilty pleasure is spending Sunday evenings on the couch watching the latest F-1 race and imagining attending the Monte Carlo race someday.

Assistant Governors

Areas of Focus

Rotary's seven areas of focus give us a way to think about the service projects we want to initiate or participate in. These are the areas that Rotary International focuses its efforts.

These areas of focus are aligned with the [17 Sustainable Development Goals of the United Nations](#), which aim to end poverty, protect the planet, and improve everyone's lives and expand their possibilities.

When our members take action in these areas, they are collaborating with people around the world to address the significant challenges we face today. And having areas of focus that are aligned with the UN's Sustainable Development Goals provides a common language used by others in these fields, which helps us communicate with our partners and the communities we work with.

The vision for each area of focus

- **Peacebuilding and conflict prevention:** Rotary invests in peace education and builds the capacity for peace, fosters strategic relationships locally and globally, and integrates peacebuilding into our programs and service projects.
- **Water, sanitation, and hygiene:** Rotary envisions a water-secure world, driven by locally led collaboration among governments, water and sanitation service providers, and civil society — who have the commitment, accountability, skills, and financing to provide sustainable, climate-resilient, and safe water, sanitation, and hygiene services for all.
- **Global health (disease prevention and treatment, and maternal and child health):** Rotary collaborates with local, regional, and international health providers to address preventable and treatable causes of illness and death while promoting equity in health services.
- **Basic education and literacy:** Rotary seeks a world in which all children and adults have access to quality education and lifelong learning opportunities.
- **Community economic development:** Rotary works create sustainable economic opportunities for people who are living in poverty, young people, women, refugees, people with disabilities, and other underserved communities.
- **Environment:** Rotary uses evidence to sustainably address shared environmental issues and foster harmony between people and nature.

Youth Programs

Interact

Interact clubs bring together young people ages 12-18 to develop leadership skills while discovering the power of Service Above Self.

Interact clubs are established at local high schools. A participating school is sponsored by a Rotary club.

Rotary Youth Leadership Awards (RYLA)

Rotary Youth Leadership Awards (RYLA) is an intensive leadership program for young people. Organized by clubs, districts, or multidistricts, RYLA allows participants to learn new skills through civic engagement and personal and professional development opportunities.

RYLA is open to all students in their junior year of high school. Participant interviews and selections are handled by individual Rotary clubs.

Youth Exchange

Rotary Youth Exchange builds peace one young person at a time. Students learn a new language, discover another culture, and truly become global citizens. Exchanges for students ages 15-19 are sponsored by Rotary clubs in more than 100 countries.

Long-term exchanges last a full academic year, and students attend local schools and live with multiple host families. Short-term exchanges last from several days to three months and are often structured as camps, tours, or homestays that take place when school is not in session.
